

Dear Students,

Attached are materials for our class on Monday, December 13th. We will spend the class reviewing a few more forms of legal writing, talking about some language structure issues, and reviewing a practice examination. I am sending you the examination and answer notes. This exam was a four hour exam. I know your exam will be 1 ½ hours, but the kinds of analysis and use of sources will be similar and I think it will be useful for everyone to review a longer exam together as practice for the final exam. Read the exam question and sources before class if possible and bring these materials with you to class.

Best,

Leslie
